

## Researcher Job Details

### Research Associate Newcastle University Business School Faculty of Humanities and Social Sciences

#### Research Role Profile

.....

As part of our commitment to career development for research staff, the University has developed 3 levels of [research role profiles](#). These profiles set out firstly the generic competences and responsibilities expected of role holders at each level and secondly the general qualifications and experiences needed for entry at a particular level.

#### Specific Responsibilities of Position

.....

1. Conduct research along the lines of the programme of the funded project, demonstrating highly-skilled approaches to evaluate the international competitiveness of the creative industries.
2. Work successfully in an interdisciplinary team of researchers and with other investigators and colleagues to publish world-leading research with impact on the creative industries.
3. Present outputs of the research from the research team to scientific and non-scientific audiences, in written and oral form.
4. Contribute to the culture and general strengths of the School, through supervision of student projects, participation in teaching and outreach, organise and participate in events, etc., in line with the [Academic Staff Career Pathway](#) document.
